Rushville, Indiana, Monday Evening, February 7, 1921

EIGHT PAGES TODAY

APPEAL TO BOARD FOR NEW HIGHWAYS

Delegations From Walker and Orange Townships Want Roads Held up By War Constructed

ACTION HELD UP TILL TUESDAY

Walker Township Farmers Vote in Favor of T. K. Mull Road in Preference to Wissing Road

With the present condition of the roads of the county as an object lesson, delegations of farmers from Walker and Orange townships appeared before the county board of commissioners this morning and appealed for the construction of some highways, petitions for which have been pending since before the war, and for others which have been petitioned for more recently.

The plea of the farmers was that the roads were impassable and that something had to be done in order for them to get back and forth from their homes to trading centers during the seasons of the year when the roads were soft.

The commissioners postponed action on the requests of the two delegations until tomorrow, when contracts for three roads will be let. At that time they will announce their decision in regard to the highways asked for this morning.

The commissioners stopped temporarily the awarding of claims, which is the first order of business at the monthly meeting, and adjourned to the large room west of the auditor's office where they received the delegations. There were more than fifty farmers from the two townships present.

The Walker township delegation urged favorable action on the petitions for the Thomas K. Mull and John M. Wissing roads, both of which have been pending since 1912. They would have been built by this time if it had not been for the temporary suspension of road building during the war.

The Orange township delegation and a few farmers from Posey township urged more especially the construction of the Ert W. Dearing highway on the Orange-Posey township line. Orange township taxpayers also want the August Coers, the Lora Alexander and the Roth roads built, but the chances looked slim for any roads being ordered for their township this year because it was discovered that there is a balance of only \$9,000 in the free gravel road bond and interest fund, which will not build any of the roads. This counts out a road already ordered for the township which will be constructed this year.

The estimate on the Mull road in Walker township, which begins in Manilla and runs south to the township line, is \$55,449.40, and the estimate on the Wissing road, which runs north out of Manilla, is \$38,711.85. The commissioners found that funds were not available to build both roads this year and they asked the Walker township delegation which road they preferred. A standing vote was taken. Not a vote was cast for the Wissing road but more than twenty-five were counted in favor of the Mull road. The Mull road is to be part cement and the remainder gravel.

The Dearing road on the Orange-Posey township line is said to be in a terrible condition but there seems to be no chance to build it this year. Oscar Williams told the commissioners this morning that he had to walk a half mile to get to a buggy in order to reach Rushville because he could not risk traveling it with a machine.

Orange township farmers complained this morning of the policy in Orange township road building, declaring that the roads lately constructed in the township lead toward Shelbyville instead of Rushville. Some of the taxpayers of the township said that of the three roads, the Roth, Alexander and Coers roads, the Alexander should be constructed first, because it runs diagonally across the township towards Rushville. It was pointed out this morning that Hal Gosnell, a member of the board of commissioners, who lives in Orange township, had to drive eighteen miles to get to Rushville, whereas he could have driven it

MACHINE TURNS TURTLE

Dr. Wayne Alter Escapes Injury After Being Pinned Beneath

Dr. Wayne Alter of St. Paul, was returning to his office in that town yesterday morning about ten o'clock, when his automobile went into the ditch just west of St. John's church in Orange township, and turned completely over, pinning him underneath. Dr. Alter escaped injury except for a few scratches, and succeeded in getting out, by climbing out of his overcoat which was pinned fast.

The top of the machine was completely wrecked and the windshield broken. In falling over, the steering wheel was also broken, and it is considered fortunate that the machine was traveling slowly, or the accident would probably have been more serious.

FUNERAL FOR G.H. HAVENS HERE TODAY

Former County Treasurer Expires After Long Illness With Heart Trouble at Age of 76

FORMERLY IN BUSINESS HERE

Funeral services were held this afternoon at two o'clock for George H. Havens, 731 N. Main Street, who died Saturday night about 9.20 at the late residence, following a long illness of heart trouble. The services this afternoon were conducted by the Rev. C. S. Black, and interment was made in East Hill cemetery.

Mr. Havens was 76 years old and spent all of his life in Rush county, having been reared in Arlington. After coming to Rushville he engaged in the implement business and later for a number of years was affiliated in the grocery business with his brothers in this city. In recent years he had retired.

Mr. Havens politically was a republican and for two terms had held the office of county treasurer. He also had served for many years on the county board of review, and had acted as deputy assessor for Rushville township several terms.

The deceased had been in poor health for several months. Mrs. Havens died suddenly one year and a day prior to Mr. Havens. The deceased is survived by four children, who are Horatio of this city, Myrta who lived at home, and Walter of Nevada and Mrs. Chester Tullar of Detroit. Three brothers, Homer and Lon of Rushville and Thomas of Greensburg, also survive.

NANNIE ALEXANDER DIES AT HOME HERE

Funeral Will be Held Tuesday Afternoon for Rushville Woman Who Expired at Age of 72

THREE SISTERS AND BROTHER

Miss Nannie Alexander, a well known woman of this city, died Saturday afternoon at 5:30 o'clock at the residence, 328 West Fifth street, following an illness of several weeks, of a complication of diseases.

The deceased was a member of the Main Street Christian church, and the funeral services will be held at the church Tuesday afternoon at two o'clock, conducted by the Rev. L. E. Brown, and interment will be made in East Hill cemetery.

Miss Alexander is survived by three sisters and one brother, who are Mrs. Sarah Cart of North Manchester, Ind., Mrs. Josie E. Huffman of Battle Creek, Mich., James H. Alexander of Skiatook, Okla., and Miss Laura, who made her home with the deceased. Miss Alexander was 72 years of age, and was a sister of the late W. M. Alexander, who died recently at his home in this city.

THREE IMPORTANT TOPICS FOR WEEK

Taxation, Finances and Reapportionment Are Expected to Hold Center of Legislative Stage

SESSION OVER HALF GONE

Some State Levies Are Very Likely to be Increased—Congressional Divisions Troublesome

(By United Press)
Indianapolis, Feb. 7.—The fifth attack in as many sessions of the legislature to increase the salaries of judges of the supreme and appellate courts failed in the house of representatives today.

The bill was introduced by Representative Newman of Indianapolis and provided that the salaries of judges be boosted from \$6,500 to \$7,500.

Representative Harlan of Warsaw lead the attack on the bill by moving that the enactment clause be stricken out. The Harlan measure carried 52 to 38.

Representative Givan of Indianapolis filed a motion to reconsider the action by which the bill met its death.

The bill to legalize fifteen round boxing bouts in Indiana was passed to third reading after an unsuccessful effort was made to strike out the enacting clause. An amendment was attached lowering the salaries of supervisors of the bout from \$1,500 to \$1,000.

Indianapolis, Ind., Feb. 7.—Taxation, finance and legislative and congressional reapportionment of the state are expected to occupy the attention of the general assembly during this week.

Consideration of measures relating to these subjects will be pushed by leading lights of the legislature so that the decks may be cleared of important matters before the closing hours of the session. Thus far, there has been little procrastination and the leaders want the spirit of industry to continue so as to avoid a last minute jam, which at past sessions, has resulted in the appointment of steering committees and the passage of several bills by one vote.

As the legislature reconvened today, following the week-end adjournment, less than half the session remained in which to accomplish several important tasks. The senate was to meet at 2 o'clock and the house of representatives at ten o'clock.

Probably the most important bills still pending related to taxation and finance. There was little doubt among the law makers that some tax levies would be increased, with all the state institutions and government departments demanding more money. The educational levies will be boosted according to present indications and

MINOR CASES ARE DISMISSED TODAY

Several Claims Against Estates Are Wiped Off Docket at Opening of February Term

DIVORCE SUIT IS DISMISSED

The February term of court opened this morning, with the calling of the docket and issues, and many cases were dismissed, involving small claims against estates. Among the different actions which were dismissed today, was the case of Walter Maul and Lester D. Whitely against the Carthage Auditorium association. This case was one of three suits filed against the association, and the matter now has been satisfied as to the other plaintiffs.

Frances Foust this morning dismissed her divorce case against Carl Foust, which was filed during the former term of court.

At the present time, it does not look like the jury will be used in many cases, and especially during the first two weeks, as this time will be devoted almost wholly to court cases, involving claims against estates.

DISMEMBERMENT FRENCH THREAT

Premier Briand Says That Germany is Guilty and That She Must Pay as Allies Demand

FRENCH OFFICIAL COMMENT

Says Many Frenchmen Would Like to See German Cities in Ruin Just as Frances' Were

(By United Press)
Paris, Feb. 7.—Complete dismemberment of the German nation if she does not accept her punishment, was threatened by France today.

"I will not move one millimeter from my position", Premier Briand declared. "Germany was guilty. Germany must pay."

French officials indicated that it was a serious problem if they let Germany bluster and bluff over the reparation and that they would descend upon the former empire and exact the indemnity demanded by taking possession of German territory.

"There are many Frenchmen whose greatest desire is to see German cities in ruin just as our own cities were demolished by the German invasion", a French official declared.

"Nothing would please us better than to see the allied agreement on reparation thrown to bits while French armies went into Germany to take possession of land and property to pay France for what she lost."

French officials admitted they were unable to determine now whether the uproar in Germany over the allied demands was a bluff or really the prelude to a situation which might justify the nation in unsheathing the sword. High officials said the allied governments were mindful of the possibility, and said the London conference never would be held if Germany held her present course.

Speeches of Premier Lloyd George at Birmingham, England, Saturday, were seized on here as bearing out this belief. It was pointed out that Lloyd George was confident of Germany's ability to pay and wished to see her forced to do so.

JOHNSON MAY BE NEXT MILROY POSTMASTER

Ex-Service Man One of Six Whose Appointment by President Will be Confirmed in Senate

RECENTLY TOOK THE TEST

Harold B. Johnson of Milroy, a former service man and a republican has been nominated to become postmaster at Milroy and will likely receive the appointment, according to information from Washington today.

Johnson's name is one of six mentioned for Indiana postoffices who served during the war and have been nominated by the president. Johnson and Miss Nellie Seright, who is now serving as clerk in the office, took the examination a few months ago to take the place of Miss Mabel Salisbury, who was appointed temporarily until an appointment could be made in the regular way. Miss Salisbury does not want the office, it is reported, and for that reason did not take the examination.

In spite of the fact that the senate has determined not to confirm any political appointments prior to March 4, it is expected exceptions will be made of the ex-service men who are eligible for appointment. Although the principle of refusing to confirm President Wilson's appointees has been approved in the senate, it has been decided not to hold up the appointments of ex-service men, and a resolution was sent to Postmaster General Burleson asking for data regarding military or navy service of persons who have been nominated for postmasterhips.

WOMAN FINED \$1 AND COSTS

Mary E. Lock Pleads Guilty to Slapping Mabel Warth

Mary E. Lock paid a fine of \$1 and costs this afternoon on a charge of assault and battery, preferred by Mabel Warth. The arraignment was before Squire Stech at his residence in North Jackson street. The trouble between the two women was said to be over the payment of a stove, and Mrs. Lock pleaded guilty to slapping the prosecuting witness.

Harvey Clark also was arrested this morning on a charge of visiting a gaming house, and pleaded not guilty when arraigned before the squire. His trial has been set for Friday afternoon. Clark is charged with visiting the "Yellow Dog" soft drink parlor, at the time that Hokey confessed, which was in December.

EIGHT BOYS START IN COUNTY PIG CLUB

Each is Given Pure Bred, Registered Big Type Poland China Gilt as His Very Own

COUNTY ASSOCIATION SPONSOR

Eight boys received a pure bred, registered Big Type Poland China gilt, which will be their very own as a start in the pure bred hog business, when the boys' pig club was started at the county agent's office in the court house Saturday. The boys who applied for membership in the county sow and litter club, gathered with their fathers to hear the plans and rules of the club announced and to draw their gilts.

The gilts were distributed under the supervision of the Rush County Big Type Poland China Breeders' Association, which organization will have charge of the carrying on of the club and will stand sponsor for the boys, giving them advice on the feeding and care of their gilts and resulting litters, and at the end of the contest will conduct a club show and award prizes to the boys doing the best work.

The Peoples Loan and Trust Co. of Rushville is co-operating in the project by furnishing credit to the boys who are not in position to pay cash for the gilts.

The eight gilts which were distributed are of excellent breeding and type and were bred and raised by John F. Boyd, who furnished the gilts to the boys at a specially attractive price.

VERSION OF WHY PRICES DON'T FALL

Comptroller of Currency Says Tax in Form of Middleman's Profit is Preventing Decline

ANNUAL REPORT MADE TODAY

(By United Press)

Washington, Feb. 7.—A tax in the form of the middleman's profit, in many cases unwarranted, is preventing the consumer from benefiting from the decline in prices of raw materials, Comptroller of the Currency John Skelton Williams declared in his annual report today.

Williams attacked the iron, steel and coal men as trying to maintain excessive prices for their products, thus delaying the return to normal prices of their products.

"By closing down mills and mines", Williams said, "the output of steel and iron has been reduced approximately one-fourth in the year following the armistice, in order that the manufacturers and miners might obtain the exorbitant profit they would have to accept if the nations output had been increased."

"While the profit of the steel manufacturers and coal operators was swollen this country became poorer from the lack of production, unnecessary closing down of mills and mines and the unnecessary idleness of labor."

DOLLAR-A-WEEK CLUB TO BE FORMED

Postmaster G. P. Hunt is Appointed Local Director of Most Universal Organization

EVERY PERSON IS ELIGIBLE

Purpose is to Create \$52,000,000 of New Capital This Year—New Certificate Issued

Postmaster G. P. Hunt of this city has just received his appointment as Local Director of Uncle Sam's New Dollar-A-Week Club, the most universal organization in the United States. Every man, woman and child is eligible to membership. The aim is 1,000,000 members.

The purpose of the Dollar-A-Week Club is the creation of \$52,000,000 of new capital this year. This is made possible by the new issues of Treasury Savings securities in denominations of \$1 and \$25. A million members, saving systematically, can create his new capital out of current earnings. It is to such savings that statesmen look to put the world on its feet again.

"Join the Dollar-A-Week Club now", suggested Postmaster Hunt. "It has members from Maine to California. Put your feeble dollars to work by buying \$1 Treasury Savings Stamps and watch them grow strong, hustling for the \$25 Treasury Savings Certificate."

"For your own good and the good of your government, Uncle Sam expects to create a million members of the Dollar-A-Week Club and this office strives for the distinction of quickly reporting its proportionate number of members. These stamps are on sale together with the other government savings securities, 25 cents thrift stamps, your old friend the \$5 Savings Stamp and the \$100 Treasury Savings Certificate."

"Now don't just say that is a good idea and let it go at that but come in with your dollar today, with the determination to buy a stamp regularly."

"Twenty of the \$1 stamps and a few additional cents may be exchanged for the \$25 certificate, which yields 4% interest. So you see that instead of paying dues to belong to the Dollar-A-Week Club you are making money thereby, building up a reserve for future financial independence."

"The new Dollar-A-Week Club is a big brother to the Twenty-Five-Cent Thrift Club in the schools, through which the school children are striving to add several million dollars to the nation's new capital. Thrift Meters have recently been installed in the schools to create a spirit and helpful rivalry between the boys and girls, designated respectively as "Uncle Sam's Team" and "Columbia's Team."

"In the industries, or wherever there is an employer, the Dollar-A-Week Club operates through the payroll deduction plan. The employer, with the sanction of the employee, puts a \$1 stamp in the pay envelope in place of a dollar bill. It is the safest savings plan in the world, for the \$1 stamp is backed by the same government that is behind the dollar bill."

"There is no restriction on the amount that may be saved through the Dollar-A-Week Club. In some of the large industries where the plan already is well established many of the workers are saving enough for a \$25 Certificate a month."

The \$1 stamps are on sale at the postoffice. Each week the postmaster will post a bulletin board the number of members of the Dollar-A-Week Club in this community. This figure will represent the total sales of \$1 stamp, whether bought by individuals or employers.

"Let this community be the first to make a 100% showing!"

CHARLES DICKENS' BIRTHDAY

(By United Press)

London, Feb. 7.—Dickensian enthusiasts are today celebrating the 109th anniversary of the birth of Charles Dickens. The famous novelist's home at Gadshill and other former residences were visited by pilgrims.

ANNUAL REPORT

Of Trustee of Walker Township
to the Advisory Board, Rush
County, Indiana, January, 1921.

FARM TRACTOR SHOW
OPENS AT COLUMBUS

Sixth National Display Includes an Exhibit of \$1,000,000 Worth of Power Machinery

EVERY COUNTRY REPRESENTED

(By United Press)
Columbus, O., Feb. 7.—The Sixth National Tractor Show, including an exhibit of \$1,000,000 worth of power farming machinery, attracted thousands of visitors to the opening session today.

Special trains brought many here from Philadelphia, Indianapolis and Alabama points. Every section of the country was represented. European importers sent representatives.

The show, the only national tractor exhibit this season, was arranged by the American Society of Agricultural Engineers, in co-operation with agricultural departments of twenty leading universities of the country.

Farm publication editors, farm experts, extension workers and tractor specialists will be featured on the daily programs with lectures and demonstrations. Status of power farming machinery in various states, work being done by agricultural colleges and advantages and progress of farming with power machinery was shown by charts, maps and other data in connection with the show.

BENTONVILLE CHURCH
GETS ENDOWMENT FUND

Missouri Cole Leaves Residue of Estate Amounting to \$12,500 to Christian Church

DIED WEEK AGO FRIDAY

The Christian church of Bentonville, Ind., is to be the chief beneficiary of the late Missouri Cole of Straughn, whose will was filed for probate in the Henry circuit court here a few days ago. Mrs. Cole is stated to have had about \$12,500 in her personal estate alone and in addition owned real estate. She died Friday of last week and was the widow of the late Sanford Cole, who died six years ago.

Less than \$3,000 of her estate will go to relatives and friends through bequests made in the will. Bequests are also made in the specific amounts to branches of church work, while the residue of the estate is to go to the Foreign Missionary society, the Home Missionary society, the church extension fund and ministerial relief, all of the Bentonville Christian church. She also left \$500 to the church proper and \$100 to the cemetery association of the church.

Bequests of \$500 each were made to Paul D. Fletcher, Elmore Campbell and Albert E. Parvin; \$200 each to Ida Beach and Byron Cole; and \$100 each to Harry C. Cole, Errett Cole, Elizabeth Cole, Homer Cole, Arthur Cole, Mamie Jordan, Winona Hicks, Nellie Hicks, Sanford Hicks, and Emma Grisel. Paul D. Fletcher is named as executor of the will and has filed a bond in circuit court for \$25,000.

Public Sale!

The undersigned will offer at public auction on what is known as the Glidden estate, one-fourth mile east of Raleigh, 4 miles south of Lewisville, 6 1/2 miles northwest of Falmouth, commencing at 10.00 a. m. on

—Mr. and Mrs. Fent, visiting and children spent the week-end with Mr. and Mrs. Luther Johning of Indianapolis, who will leave soon for Denver, Colo., where they will live.

—Ed Austen of New Salem, who is visiting his son, Will Austen, near Milroy, will leave the latter part of the week for Jacksonville, Florida, to spend the remainder of the winter.

SEEK QUICK DECISIONS

Railroad Managers Protest Against Postponement of Case

(By United Press)
Chicago, Ill., Feb. 7.—W. W. Atterbury, representing the railroad managers, protested to the United States railroad labor board against continuance of the case in which the railroads ask for abrogation of shop agreements and requested a quick decision as an economic necessity.

The protest of Atterbury came following the proposal of B. M. Jewell, head of the railroad department of the American Federation of Labor that the case be continued until Tuesday.

Jewell claimed that the labor board needed more time to prepare an answer to Atterbury.

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Rushville women. Read what Mrs. W. A. Wylie 824 N. Arthur St. Rushville gave the following statement September 20, 1915: "I never had kidney trouble until quite recently but now I appreciate what a serious complaint it is and how severely one can suffer with it.

My trouble began with a clutching digging pain directly across the kidneys and over my hips. The pain was terrible and I had to be given pain-easing tablets by the doctor to relieve it. I was utterly unable to do my housework for a week and was in all kinds of misery. Others of my family had taken Doan's Kidney Pills with excellent result so I began using them. I got them and did not have to use a whole box before the pain across my back let up and soon disappeared."

On November 4 1920 Mrs. Wylie said: "I still have the same high opinion of Doan's Kidney Pills. I haven't had to use them for the past few years as my cure has been a lasting one."

OFFICERS ARE RE-ELECTED

Annual Meeting of Rush County Livestock Insurance Co.

The old officers were re-elected at the annual meeting of the Rush County Livestock Insurance company in the court house assembly room Saturday afternoon, with Jesse Leisner continuing as president; F. R. Newhouse, vice-president; J. A. Stevens, secretary; John O. Hill, treasurer; adjusters—northern district, Clyde Henley; middle district, Will P. Jay; southern district, W. A. Mull.

The annual report showed the membership near four hundred and the company in a prosperous condition, with about \$275,000 worth of insurance in force. The rate for the year was fixed at three percent.

A Record of Achievement

The present congress, which expires March 4, has earned the record of achieving greater economies than any previous congress in the history of the government, despite the charges that the congress has devoted its time to partisan investigations growing out of the war. Stimulated by their extravagance during the war the department heads did not hesitate to urge upon the new congress when it came into power, the passage

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought out. F. E. Wolcott, druggist. Adv. 2

of every conceivable project for spending as fast as possible. But the congress did not act upon the recommendations it received. During the two years of its existence it will have saved the taxpayers \$6,899,951,692 from what they would have had to pay if requests of the administration had been granted as they would have been had the people elected a democratic congress in 1918. Instead, they elected a republican majority of 46.

At the same time the congress saved nearly seven billions of the money of the tax payers, it opened the books, as was promised during the campaign of 1918. Immediately it started to do so the opposing party leaders declared that it was unpatriotic attempting to disparage the efforts of the nation in the war. "Our soldier graves in France," they said "should not be desecrated." That plea proving unavailing, they urged that a proper respect for the president of the United States should prevent any attack upon his leadership in the great liberation war of humanity. But the legislators went right ahead, and before they got through they discovered, incidentally that two billions were wasted by the shipping board, another billion was thrown away on aircraft, and four billions were spent on ordnance, most of which never reached the front in France. And it should be remembered of the dying congress that it has the following to its credit:

The return of the telephone, telegraph and cable lines to private ownership.
The return of the railways to private ownership after Director McAdoo had rolled up a deficit of \$1,200,000,000.
Passed a resolution declaring the war at an end, which the president repealed.
Saved the integrity and sovereignty of the country by rejecting the Wilson-British league of nations covenant.
Adopted the woman suffrage amendment in time for all women to vote at the last election.
Upheld the law of the land as expressed in the 18th amendment by enacting a national prohibition law for the enforcement of that amendment.
Enacted liberal provisions for vocational training and the rehabilitation of wounded soldiers.

Extended the food-control act so as to prevent hoarding.
Repealed the daylight savings law.
Facilitated the marketing of agricultural products.
Enacted the Esch-Cummins railroad regulation law.
Provided national budget system, which the President vetoed.
Reorganized the army and refused to provide universal military service.
Made possible a permanent American merchant marine.
Enacted an oil and coal land leasing law.
Enacted a law for the development and regulation of national water-power.
Established a women's bureau in the Department of Labor.
Repealed all the war laws, only to meet the disapproval of the president.
Appropriated \$50,000,000 for the relief of suffering Europe.
Increased the compensation to disabled veterans of the world war.
And during the present session congress has passed through either house bills which have provided for:
Stopping of immigration for one year in order to shut off competition with more than three millions of Americans who are now admitted by the Department of Labor to be out of work in this country.
An ample tariff protection on all fundamental products of the American farm.
Strict regulation of the meat packing industry.
Reduction of the number of government employes in Washington to about 70,000 from the 117,000 on the rolls two years ago.
Investigated the housing problem and also profiteering in coal.
Reapportionment of Congressional districts, but with the same number as now for the sake of economy.
Frustrated the efforts of Secretary Baker to maintain the army at 225,000 contrary to law and at great expense.
Reorganization of the government departments so as to obliterate overlapping and waste.
The study of the conditions surrounding maternity so as to lessen the number of invalids therefrom.

It is fortunate the Japs have ceased giving out versions of the shooting of that American naval officer. They might eventually have told the truth.

The fellow who attempts to be smart is generally quite successful in making a fool of himself.

With the advent of longer dresses

our city friends ought to be able to recognize their own wives when they meet them.

Don't try to tell the other fellow his business. He may ask you if you have any of your own.

The price of gasoline, however, continues lighter than air. It won't come down.

THE TREND of LEGISLATION

BY GEO. W. STOUT
State Chamber of Commerce

Indianapolis, Ind., Feb. 7.—Two bills of commanding importance were discussed in public hearings at the State House Thursday night. The folks enjoyed "town meetings" on the bill to enable Indiana cities, by majority vote, to adopt the commission form of local government or the commission-manager system, and upon the bill for a State Police Force to give better protection to rural Indiana against modern crime waves and modern crime methods.

It is understood, and it was indicated at the House hearing just mentioned that the bill making it optional with cities to adopt or reject the modern business method of managing their affairs, is going ground steadily in the Legislature. This measure, which two years ago had many friends among the law-makers, has gained greatly with the people as they have continued for two additional years to observe the old party system in operation. The call for the commission form of city government and for the still better plan, the commission-manager system, is based not only upon the failure of the existing system, but upon the proved success of the later, or rather revived commission plans.

Those who rallied to oppose the State Police Force bill in the senate hearing based their hostile arguments upon the outworn and disproved charge that in some states the State Police are "cossacks", using oppressive and brutal methods. It was shown, however, that the most violent and assertive critics of the system have been in recent years direct beneficiaries of the State Police Force in active service. It was generally noted that John L. Lewis, head of the United Mine Workers of America, in his talk against a State Police Force for Indiana did not refer to the fact that in 1919 the State Police Force, in the business of preserving law and order, in that state, actually saved the U. M. W. of A. from destruction at the hands of the I. W. W. agitators who then were most vigorously and effectually "boring from within" and taking measure to seize not only the steel workers' union but that of the mine workers.

In putting organized labor in the attitude of opposing a State Police Force law in Indiana, Mr. Lewis did not refer to the fact that in the strongest union labor sections of Pennsylvania in recent years sentiment has so changed as to show five out of eight assemblymen from a Wyoming alley county voting to increase the size of the Force and to increase the pay of the men on the Force in Pennsylvania, while broadening the powers and jurisdiction of that efficient body.

Mr. Lewis of the miners asserted that nineteen lives were lost in steel strike troubles in Pennsylvania in 1919. Maj. Lynn G. Adams, commander of the Pennsylvania State Police Force, present to speak for the plan as applied in Indiana; pointed out a fact which Mr. Lewis did not mention,—the fact that deputy sheriffs and not State Police troopers, did the shooting complained of, and further pointed out that State Police troopers arrested the deputy sheriffs who had killed workers.

In other words, the Lewis argument held strongly against the sheriff-constable system, with its untrained, undisciplined, and inefficient as well as deadly deputy and posses scheme of handling industrial events, but collapsed in the face of the truth, which showed the State Police stopping bloodshed and arresting reckless and undisciplined deputy sheriffs who had shot into the crowds which the trained State Police invariably handle without bloodshed.

While the amazing and absorbing story of the work of the Pennsylvania State Police Force, drawn from the record by the superintendent of that Force, held enthralled the big crowd including the organized labor leaders there was still more interest in the showing of Indiana's unprotected rural and suburban population under the inadequate sheriff-constable system as now being tested day and night by organized criminals.

It was shown for example that 600 of the 800 banks in Indiana are located in small towns and are virtually without protection against the motorized looters who roam the State at will committing bank robberies night after night in widely separated communities, and making away with the swag in stolen autos, leaving the sheriff-constable system gaping and helpless.

Newspaper readers in all parts of the state, it was pointed out, are familiar with the long string of postoffice and bank raids in small towns in Indiana but not much has there been to tell of captures of these criminals by the peace officers now provided under the sheriff-constable plan.

The chief support and demand for the State Police Force in Indiana comes from districts where such a Force is plainly needed,—the rural and suburban places where homes, stores and banks are almost entirely unprotected at this time.

It was generally conceded following the senate hearing on the State Police bill that the measure had gained largely in public and legislative favor because of the positive showing of the benefits accruing in other states from such a system, and because of the proof positive that Indiana needs protection not now provided. The violence of the opposition as voiced at the hearing had a tendency to strengthen the State Police bill with thoughtful folk who studied the utterances of speakers on both sides of the discussion.

STOP-ITCHING ECZEMA
Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. © The E. W. Rose Co., Cleveland, O. 3

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

ODD USES

We have heard of
VALDURA 99.5%
PURE ASPHALT
PAINT being used for:—

- Painting auto tops—does it fine.
- Repairing leaky rubber boots and shoes.
- Protecting laboratory desk tops—from acid and alcohol.
- Waterproofing canvas tents, leggings and gloves.
- Wagon paint.
- Stopping a leak in a hot water boiler.
- Stopping leaks in radiators on autos, etc.
- Repairing a slicker and hat.
- Increasing the life of cotton gloves.
- Repairing a leaky boat.
- Mending bicycle tires.
- Dyeing wood.
- Stove polish—extra good.

VALDURA is the best roof paint we ever sold. More of it is used for roof painting than for any other purpose, but we know it is just the thing everywhere protection from water, weather or acids is required.

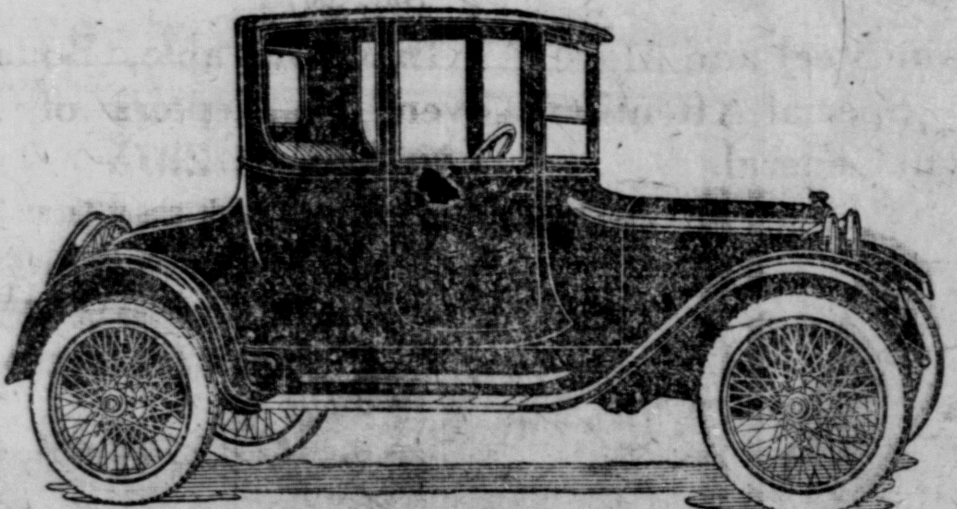

VALDURA comes all ready for use and is applied with an ordinary paint brush. It can be had in 1 Gal. cans up. If not satisfactory we refund your money.

We will gladly give you a free test sample and some pamphlets for the mere asking.

CARTHAGE H.S. FIVE WINS FROM ARLINGTON

Defeats Visiting Team Saturday Night, 39 to 17, Maintaining Comfortable Lead All The Time

SPICELAND WINS OPENER

The Carthage high school won from Arlington Saturday night on the new floor in Carthage, by the score of 39 to 17. The crowd was the largest this season, and many people were compelled to stand. The first half ended 20 to 9, with Carthage having a comfortable lead. Black for Carthage started with 9 field goals and one foul, making 19 of the points for the winners. Rigsbee, forward for Arlington, made a field goal and 7 fouls.

In the curtain raiser the Spiceland first team won from the second team from Carthage, 28 to 10. The girls team from Carthage also won from the Charlottesville girls, 6 to 1.

Next Thursday night the Y. M. C. A. team from Newcastle will meet the "Yankee Five" team of Carthage on the new auditorium floor, and the invitational tourney will hold the interest all next Saturday, when eight high school teams will participate.

HARTFORD CITY IS BEATEN AT MILROY

Up State Team Proves no Match For Rush County High School, Score Being 35 to 20

PLAYS GREENSBURG NEXT

Hartford City went down in defeat Saturday night before the Milroy high school team, for the second time this season, the score being 35 to 20. The up-state team put up a big fight, but the Milroy tossers had the better of the game from the very beginning. The first half ended 18 to 9, with Milroy leading.

Sinclair and Worthen for the Hartford City team put up a great game, but all of the Milroy players seemed to play on an equal and were good on floor work and in hitting the basket. Stewart was the point getter, and made 21 of the 35 counts.

Milroy will play at Greensburg next Friday night, and it will be the third game between the two schools, each team having won a game, and the Friday night's game will be the deciding game of the series.

The score and summary:
Milroy (35) — Hartford City (20)
Stewart — F — Sinclair
McKee — F — Ort
Osterling — C — Worthen
D. Jones — G — Hellingner
Harcourt — G — Rawlings

Substitutions: Milroy, Cowan for D. Jones, R. Root for Harcourt, D. Jones for McKee; Hartford City, Herbaugh for Rawlings, Farr for Hellingner, Rawlings for Sinclair, Black for Sinclair, Sinclair for Rawlings.

Field goals: Stewart 8, McKee 4, Osterling, D. Jones 2, Sinclair 4, Ort. Foul goals, Stewart 5, Sinclair 7, Ort 3.

FAST MOSCOW FIVE COMING

Has Defeated Odd Fellows Twice and Expects to Repeat

The Odd Fellows basketball team, which has been hitting the trail fast in recent games, will take on the Moscow Independents here tomorrow night on the Modern Appliance floor, and because the visiting team has twice defeated the Odd Fellows, a good game may be expected. The Moscow team is said to be prepared to meet the locals, and is also anxious of making it three straight wins.

It is the general opinion that the district tourney for Independent teams, which will be held in Greensburg on Feb. 19, will be between the Rushville and Moscow teams, and the game tomorrow night will serve as a good indicator for the honors.

SHAMROCKS AT NEW SALEM

The Shamrocks, a basketball team from this city, which is composed largely of high school players, who were members of the second team, will play at New Salem tomorrow night, meeting the Independent team of that place. The Shamrocks are booking games with several fast teams in the 18 year old class.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use.

TO PROVE A THEORY, WRITER GIVES LIFE

Key Lynn Bradford, Lecturer and Writer, Kills Himself to Show Communication Possible

WROTE ON SPIRITUALISM

(By United Press)
Detroit, Mich., Feb. 7.—To prove that the living can communicate with the dead, Key Lynn Bradford, lecturer and writer, gave his life. Somewhere in Detroit today a girl declared that Bradford promised to talk to her at a certain time after his death.

Bradford was found dead in his room today, a suicide. Beside his body were several books on spiritualism. "Can the dead communicate with the living" was the title of a typewritten manuscript which had not been finished.

According to friends, Bradford recently inserted an advertisement in the Detroit papers asking for anyone interested in spiritualism to call and see him. A girl answered and visited the rooming house. It is believed that it was this girl with whom Bradford wished to talk from his grave.

Geneva, Feb. 7.—Former Emperor Karl plans to return to Hungary in the spring, whatever the consequences may be, it was learned here today. According to the information obtained, Karl has been working for some time to regain his throne.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits.

ARMED MEN ABDUCT GIRL AFTER A FIGHT

Leader of Party Which Invaded White Plains, N. Y., Home Says Alberta King is His Wife

ABDUCTORS MAKE ESCAPE

(By United Press)
White Plains, N. Y., Feb. 7.—Fourteen armed men abducted Miss Alberta King here at midnight last night, after a gun fight in which one woman was injured.

Miss King who was making her home with Mr. and Mrs. Lewis Albohn, was dragged from her bedroom by the men. The whole party escaped in two automobiles.

The leader of the party stated that Miss King was his wife. No trace of the kidnappers have been found up to noon today. The attack evidently was carefully planned.

Telephone wires were cut. Fourteen men and one woman surrounded the Albohn house at midnight and began pounding on the door. When Albohn appeared at the window the leader yelled at him to surrender his wife, Miss King.

The men entered the house and evidently knew the home, as they went to the King girl's bedroom. The door was locked. They beat it down. The girl was huddled in bed. They dragged her out of the bed, wrapped her nightgown about her, muffled her screams and bore her out the front door despite her frantic struggle.

IT'S UNTHINKABLE, HOUSTON

Requests Made For Cancellation of Allied Loans

(By United Press)
Washington, Feb. 7.—Certain of the allied governments have proposed to the United States that this country cancel the allied loans Secretary of Treasury Houston today told the Senate judiciary committee investigating the foreign loans.

Houston said such a proposition was unthinkable and that all the requests had been refused. He declined to name the governments, saying he would discuss the question more freely in the executive session of the senate foreign relations committee.

WILL SEEK SENATORS' AID

Mrs. Foster Turns to New and Watson to Save Her Son

Ossining, N. Y., Feb. 7.—Mrs. Anna Foster, of Evansville, and mother of Jesse Walker, convicted murderer, went to Washington today to obtain aid of the president and Indiana senators to win her son's freedom. Governor Miller of New York refused to save the former Hoosier youth, who served in the world war.

Walker, and Guy Nicholas, were accused of murdering Samuel Wolk, while robbing his stationary store in Brooklyn. Walker is to be electrocuted this week, probably Thursday.

Miss Martha Thompson is sick, threatened with appendicitis at her home in Gowdy. She is the daughter of Mr. and Mrs. Eddie Thompson.

EDITORIAL

Keep Mills and Factories Busy

We realize that a speedy readjustment of present uncertain conditions depends entirely upon YOU—the buying public. The great majority of the people have not been buying. Those who have, just bought the necessities—and nothing more. The time has come when retailers must encourage more intensive buying.

This store has taken the lead in that direction, as well as the great financial loss. Every department has completed its inventory; costs were noted but disregarded. Each and every piece of merchandise was remarked at a reduction that brings the new prices down to as low a level as they will be for the next year.

Yours truly,
E. R. Casady

Welcome As the Spring Blossoms ARE THESE PRETTY DRESS MATERIALS

Do you remember the first little flower you came across last spring timidly pushing up through the grey ground, and how eager you were to pick it up and take it home to "show the folks?" A fair promise of bright, cheery, sunny days, and as such you treasured it because the message it brought was "Hope," and that is the greatest thing in the world.

New stocks are pushing up everywhere through the winter ones here, and in them are promises that will fulfill every desire beyond telling. They are the first spring flowers. We should like to have you see them, and then tell the folks at home about them, and the cheery message that they bring of spring.

"The Store that Does Things"

CONDITION IS SERIOUS FROM THREE TOWNSHIPS

Former German Kaiserine is in Critical State of Health

(By United Press)

Doorn, Holland, Feb. 7.—The former German Kaiserine's condition has become so critical that the ex-kaiser has temporarily disbanded his outdoor exercises to be with her constantly, it was learned here today.

The attending physician announced that the ex-kaiserine's condition was much worse. They issued the most extremely pessimistic bulletin yet published on her condition. The bulletin stated:

"The symptoms cause great anxiety. Condition extremely critical and suffering ultimate pain. Situation obviously precarious. Her illness said to have reached a point where blood is running to her head causing strangling."

QUESTIONS AND ANSWERS

An unsigned communication received by the Daily Republican today suggested the following for a questions and answers box:

"You haven't heard the price of milk drop in Rushville yet, have you?"

"Is that pile of iron beams in front of the postoffice a permanent fixture there? It is so unsightly."

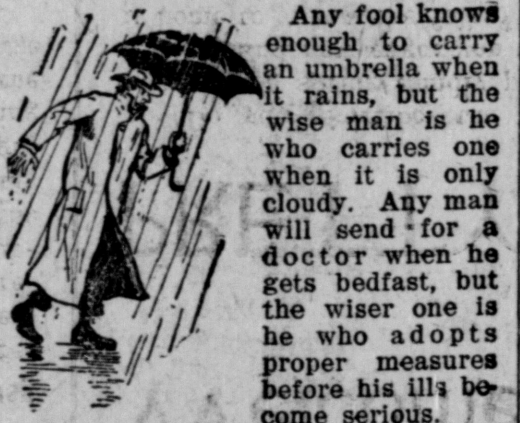

Persons having answers to these questions may feel free to send them to the Daily Republican, but it is preferred that the communications be signed. The identity of the writer will be held in confidence if desired.

Teachers Attend Institute at Webb's School Saturday

An institute for the teachers of Rushville, Posey and Noble townships was held at Webb's school, southwest of Rushville, Saturday, and the teachers of the Carthage schools were special guests.

C. M. George, county superintendent, presided and dinner was served to the visiting teachers by Miss Henrietta Talbert, domestic science teacher in the Webb school, and her class of girls in domestic science. The girls' glee club of Webb's school also gave a part of the program.

In Bad Weather

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness becomes serious.

Indianapolis, Ind.—"I am most pleased to say for Dr. Pierce's Golden Medical Discovery that I like it as a tonic. I was employed in a cloak house and used it for a toning-up medicine. As a general tonic I know of nothing better."—Mrs. G. P. Beeson, 733 Elm St.
